COMMERCIAL SERVICES

DELIVERED.

For over fifty years, organizations ranging from companies, community and religious institutions, to schools, government agencies, retail stores and restaurants have depended on AmeriGas for their commercial propane energy needs for one simple reason. **We DELIVER.**

We know there is nothing more important to you than meeting the needs of your clients, and we are just as committed to providing you with the high level of service you deserve.

When you choose AmeriGas for your propane energy needs you benefit from the supply and delivery network of the nation's leading propane provider. With nearly **2,500 delivery trucks** and over **2,000 service trucks** on the road, we can react in a moment's notice to your needs.

RELIABLE
We made over 4 million deliveries to our customers in 2011

SAFE
Installations and service expertly handled by highly trained technicians

RESPONSIVE
Nearly 2,500 bobtail delivery trucks are ready to serve you

Always there.

We pride ourselves on always being there. You can depend on our Delivery Personnel to keep you supplied safely and reliably. And with options for **off-business hours, weekends and holiday delivery**, we will not only meet but exceed your expectations. Whether you use propane for space heating, water heating, cooking or generators, AmeriGas is the **reliable, safe, responsive** source for your company or organization's propane energy needs.

AmeriGas offers a \$150 referral award for helping your family, friends' or neighbors' businesses enjoy the benefits of being a new AmeriGas customer. If you're your commercial referral results in a new **heating, water heating, and/or cooking** or related installation, we will credit your AmeriGas account \$150!

► **PROVEN DELIVERY CAPABILITIES**

Delivery Fleet

Our national delivery fleet is unparalleled, with:

- Nearly 2,500 delivery trucks
- Over 2,000 service and cylinder delivery trucks

Equipment and Reliability

We provide over 3 million portable propane cylinders and consistently make over 4 million deliveries to our customers annually.

Propane Supply

As America's number one name in propane, we have over 250 domestic and international sources of propane.

PREMIUM SERVICES

► **TANKLESS WATER HEATER TECHNOLOGY**

Heating water with electricity can account for 14-25% of annual energy usage. Commercial propane tankless water heaters are an excellent option to meet the hot water demands large and small. Additionally, many tankless water heaters qualify for tax incentives and rebates as part of government energy conservation goals.
